WORKSHEETS**

Easylearn's EAL Vocabulary sheets are aimed at those children and students who are 'New to English' and need to learn common words quickly. They are excellent as consolidation for spoken English work. These ten free sheets provide opportunities for pupils to write, spell and learn the most useful 'clothes' words, based on research undertaken in schools.

Do you like these sheets? [Let us know](#). There are more where these came from! If enough teachers like them, we'll make more available.
